

# Do you need a job? Why not have a career?

Are you an Immigrant or Aboriginal person looking for work? Are you looking for something better? Momentum can prepare you for a great career.

## We can help! Join the Trades Training Program!

### Plumbing-Pipefitting

**Starts** Apr 9/12

**Ends** Sep 28/12

#### Description

This program is designed to facilitate entry into both the plumbing and pipefitting trades. In this program, you will be able to gain foundation skills in the trades while specializing as either a plumber or a pipefitter.

Plumbers and pipefitters assemble, install, build and repair heating, water and drainage systems. Pipefitters also work with steam, chemicals and fuels.

#### You will gain:

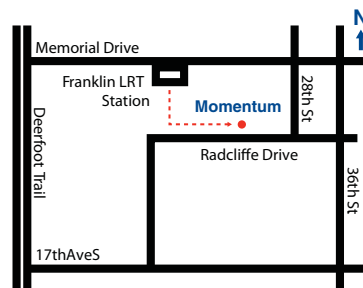

- Upgrading in English, Math, Science and Life Skills
- Technical training at SAIT in your trade
- Workplace skills to help you be successful on the job
- 7 weeks work experience
- An opportunity to enter an apprenticeship!

Would you like to know more about the trades and apprenticeships in Alberta? Check out this website:

Ibrahim had been stuck in what most of us would call a dead-end job. Ibrahim's wife happened to see a Momentum TV ad and mentioned it to Ibrahim. Eager for change, Ibrahim contacted Momentum and was soon studying welding in Momentum's Trades program. Within weeks of completing his program, Ibrahim had a fulltime job and was earning more money than he had earned at his old job. "I am so grateful to Momentum," says Ibrahim. "They did so much for me and my family."
